A. Appropriate accounting records have been properly kept throughout the year. AND I. Periodic bank account reconciliations were properly carried out during the year.	Ensure the correct roll forward of the prior year cashbook balances to the new financial year	✓	Cashbook on spreadsheet, much improved from previous year.
	Check a sample of financial transactions in cashbooks to bank statements, etc: the sample size dependent on the size of the authority and nature of accounting records maintained	✓	Council would find benefit to move to a software like scribe that would aid, cost analysis and budgeting
	Ensure that bank reconciliations are prepared routinely, are subject to independent scrutiny and sign-off by members	✓	
	Verify the accuracy of the year-end bank reconciliation detail and ensure accurate disclosure of the combined cash and bank balances in the AGAR, section 2, line 8.	✓	
	Where the authority has bank balances in excess of £100,000 it has an appropriate investment strategy.	✓	
B. This authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved and VAT appropriately accounted for.	Review the procedures in place for acquisition of formal tenders and quotes, ensuring they are in line with the SOs and FRs which should be based on the latest version.	✓	
	Ensure that consistent values are in place for the acquisition of formal tenders between SOs and FRs (frequently different limits are recorded in the two documents)	✓	
	Review the procedures for receipt of invoices, agreement of invoice detail and confirmation of goods /services delivery and approval for payment: ideally, a suitably designed certification stamp should be in place providing for evidencing of these checks and payments	✓	
	Check that there is effective segregation between the writing of cheques or the setting up of online payments, and physical release of payments providing for evidencing of these checks and payment authorisation	✓	
	Check that VAT claims are prepared and submitted in a timely manner in line with the underlying records and in accordance with current HMRC requirements	✓	
C. This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.	Where debit / credit cards are in use, establish the total monthly and individual transaction limits and ensure appropriate controls over physical security and usage of the cards are in place	✓	
	Ensure that authorities have prepared, and formally adopted, at least once annually, an appropriate and comprehensive register of assessed risks, both regular and ad hoc.	✓	
	Ensure that appropriate levels of insurance cover are in place for land, buildings, public, employers' and hirers' (where applicable) liability, fidelity / employees (including councillors) liability, business interruption and cyber security	✓	
	Ensure that appropriate arrangements are in place for monitoring play areas, open spaces and sports pitches: such reviews should be undertaken by appropriately qualified external inspectors or, if by officers or members, that they have received the appropriate training and accreditation	✓	
D. The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.	Review the effectiveness of internal control carried out by the authority	✓	
	Ensure that the full Authority, not a committee, has considered, approved and adopted the annual precept for the coming year in accordance with the required parent Authority timetable	✓	
	Ensure that current year budget reports are prepared and submitted to Authority / Committees periodically during the year with appropriate commentary on any significant variances	✓	
	Review the budget performance either during the year or at the financial year-end seeking explanations for any significant or unanticipated variances	✓	
E. Expected income was fully received based on correct prices, properly recorded and promptly banked; and VAT appropriately accounted for.	Ensure that the Authority has considered the establishment of specific earmarked reserves and, ideally, reviews them annually as part of the budget assessment process	✓	
	Ensure that the precept received in the accounts matches the prior year submission form to the relevant authority and the public record of precepted amounts	✓	
	Review "Aged debtor" listings to ensure appropriate follow up action is in place	✓	
	Allotments: ensure that appropriate signed tenancy agreements exist, that an appropriate register of tenants is maintained identifying, that debtors are monitored.		
	Burials: ensure that a formal burial register is maintained that it is up-to-date and that a sample of interments and memorials are appropriately evidenced, that fees have been charged at the correct approved rate and been recovered within a reasonable time: (Authorities should also acquire and retain copies of Burial / Cremation certificates)		
	Hall hire: ensure that an effective diary system for bookings is in place identifying the hirer, hire times and ideally cross-referenced to invoices raised	✓	
F. Petty Cash payments were properly supported by receipts, all petty cash expenditure was approved and VAT appropriately accounted for	Leases: ensure that leases are reviewed in a timely manner in accordance with the terms of the lease and rents similarly reviewed appropriately at the due time		
	Other variable income streams: ensure that appropriate control procedures and documentation are in existence to provide a clear audit trail through to invoicing and recovery of all such income		
	Where amounts are receivable on set dates during the year, ensure that an appropriate control record is maintained duly identifying the date(s) on which income is due and actually received / banked		
	A number of authorities are now running down and closing their petty cash accounts and using debit / credit cards for ad hoc purchases. Consequently, a "Not covered" response is frequently required in this area	x	
	Review the systems in place for controlling any petty cash and also cash floats (used for bar, catering, etc)	x	
	Check a sample of transactions during the financial year to ensure appropriate supporting documentation is held	x

	Ensure that the correct employers' pension percentage contribution is being applied	✓	
	Ensure that for the test sample, the correct net pay is paid to the employee with tax, NI and pension contributions correctly paid to the respective agencies.	✓	
	Ensure that the Authority is maintaining a formal asset register and updating it routinely to record new assets at historic cost price, net of VAT and removing any disposed of / no longer serviceable assets	✓	
	Physically verifying the existence and condition of high value, high risk assets may be appropriate	✓	
	Ideally, the register should identify for each asset the purchase cost and, if practicable, the replacement / insured cost, the latter being updated annually and used to assist in forward planning for asset replacement	✓
